Source: U.S. Census Bureau, 2014-2018 American Community Survey 5-Year Estimates

- 1. An '\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- 2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
  - 3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
  - 4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
- 5. An '\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
  - 6. An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- 7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
- 8. An '(X)' means that the estimate is not applicable or not available.

- 1. An '\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- 2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
  - 3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
  - 4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
- 5. An '\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
  - 6. An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- 7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
- 8. An '(X)' means that the estimate is not applicable or not available.

Source: U.S. Census Bureau, 2014-2018 American Community Survey 5-Year Estimates

- 1. An '\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- 2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
  - 3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
  - 4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
- 5. An '\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
  - 6. An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- 7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too
  - 8. An '(X)' means that the estimate is not applicable or not available.

### DEMOGRAPHIC AND HOUSING ESTIMATES 2014-2018 American Community Survey 5-Year Estimates

Area Name: Census Tract 8036.08, Prince George's County, Maryland

| Subject  |          | FIPS Code : 24033803608 |         |                |
|--|----------|-------------------------|---------|----------------|
|  | Estimate | <b>Estimate Margin</b>  | Percent | Percent Margin |
|  |          | of Error                |         | of Error       |
| Not Hispanic or Latino                                       | 4,255    | +/- 392                 | 70.2%   | +/- 6.4        |
| White alone  | 462      | +/- 142                 | 7.6%    | +/- 2.4        |
| Black or African American alone                              | 3,377    | +/- 398                 | 55.8%   | +/- 6.3        |
| American Indian and Alaska Native alone                      | 0        | +/- 17                  | 0%      | +/- 0.5        |
| Asian alone  | 299      | +/- 203                 | 4.9%    | +/- 3.3        |
| Native Hawaiian and Other Pacific Islander alone             | 0        | +/- 17                  | 0%      | +/- 0.5        |
| Some other race alone  | 7        | +/- 11                  | 0.1%    | +/- 0.2        |
| Two or more races  | 110      | +/- 78                  | 1.8%    | +/- 1.3        |
| Two races including Some other race                          | 9        | +/- 14                  | 0.1%    | +/- 0.2        |
| Two races excluding Some other race, and Three or more races | 101      | +/- 77                  | 1.7%    | +/- 1.3        |
| Total housing units  | 1,821    | +/- 49                  | (X)%    | +/- (X)        |
| CITIZEN, VOTING AGE POPULATION                               |          |                         |         |                |
| Citizen, 18 and over population                              | 3,366    | +/- 286                 | 100.0%  | +/- (X)        |
| Male   | 1,653    | +/- 244                 | 49.1%   | +/- 4.8        |
| Female   | 1,713    | +/- 185                 | 50.9%   | +/- 4.8        |

Source: U.S. Census Bureau, 2014-2018 American Community Survey 5-Year Estimates

- 1. An '\*\*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- 2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
  - 3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
  - 4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
- 5. An '\*\*\*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
  - 6. An '\*\*\*\*\*' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- 7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
  - 8. An '(X)' means that the estimate is not applicable or not available.
